RANGER

Go Further

ENGINEERED TO EXCEED YOUR EXPECTATIONS

The bar has just been raised... again. The Ranger is a completely different animal, designed and engineered in Australia, the Ranger is built to take on the world. A truck built with no compromise, it was tested in the toughest of climates and terrains across 5 continents to ensure its superior durability.

Completely designed around the driver, the Ranger comes equipped with the latest entertainment and connectivity technology, making it feel more like a modern SUV than a hard working truck.

However, its true truck DNA was not neglected. Chassis, drive train and suspension were totally redesigned to achieve unbeatable towing of up to 3,500kg[1], and payloads up to 1,528kg[2]. And when the going gets really tough you can rely on Ranger's off-road performance, with Locking Rear Differential (LRD)[3] and impressive water wading of up to 800mm.[4]

1. Braked towing capacity available on 4x2 Hi-Rider and 4x4 models only when fitted with a Genuine Ford towpack and tow ball. Subject to State and Territory towing regulations. **2.** 1,528kg payload available on 4x2 XL Single Cab Chassis Hi-Rider 2.2L Diesel only. **3.** Locking Rear Differential (LRD) standard on XL Plus, XLS, XLT and Wildtrak. Available as an option on selected models. **4.** 800mm water wading available on 4x2 Hi-Rider and 4x4 models only, maintaining a steady speed of not more than 7km per hour.

Ranger 4x4 XLT Double Cab Pick-up shown in Aurora Blue and with optional tow ball.

INSPIRING DESIGN WITH FUNCTIONAL PURPOSE

The Ranger delivers some of the best technology and quality workmanship in its class. In the course of its development, Ford used the same leading-edge simulation technology as formula one teams, performing more than 1,000 full-vehicle aerodynamic simulations to perfect the shape of the vehicle. A rock-solid under-body gives the vehicle its robust vehicle foundation, while its precise upper body design, delivers the distinct styling that meets Ford's rigorous functional requirements.

Ranger 4x2 XLT Super Cab Pick-up Hi-Rider shown in Highlight Silver.

Style and versatility

The Ranger was designed so you can easily shift from workday to weekend. It gives you the versatility to make the most of every minute away from work.

1 - Glove box that fits a 16" laptop

2 - Cooled centre console*

3 - Back doors open at 90° angle on Super Cab models

*Available on XLT and Wildtrak models only.

The Ranger Super Cab's body design features rear doors that open at a 90° angle, giving you effortless access to its spacious and cleverly packaged interior. With smart technology and storage capacity, which includes a cooled centre console* and glove box that fits a 16" laptop, the Ranger makes every adventure more comfortable.

THE NEXT GENERATION RANGER TRUCK

The Ranger has everything you expect in a truck and then takes it one step further. With an interior equipped with the latest smart technologies such as iPod* integration, Bluetooth®^ and voice control standard across the range – and dual-zone electronic climate control and rain sensing wipers on XLT and Wildtrak models – the Ranger is one of the smartest trucks in its class.

*iPod is a trademark of Apple Inc. Please refer to ford.com.au for iPod compatibility. Connection cables sold separately.
^Bluetooth® is a registered trademark of Bluetooth SIG Inc., and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the Bluetooth® system prior to making a purchase decision.

Ranger 4x4 XLT Double Cab interior shown with optional Auto transmission.

Smart technology

With some of the most sought after technology at your fingertips every drive in the Ranger is more comfortable.

*Available on XLT and Wildtrak models only.

MORE POWER AND FUEL ECONOMY

There's nothing better than knowing you have the power to get the job done, but also the fuel economy to get it done efficiently. With the line of TDCi engines, the Ranger delivers all the muscle you need along with big fuel savings.

A powertrain that delivers, whenever you need it.

Powering the Ranger is the new generation of TDCi Duratorq engines, tested to operate at 400m below and 4500m above sea-level. So whether you're driving along the beach on Fraser Island or climbing the road to Mt. Kosciuszko, you'll have complete confidence that the Ranger is more than capable.

The powerful 3.2L TDCi Diesel engine delivers 147kW power and 470Nm torque with peak torque available from 1500 to 2750 rpm. It uses a Variable Geometry Turbo-charger, which enables lower end torque capability to improve launch and driveability to optimise fuel efficiency.

The economical 2.2L TDCi Diesel engine delivers 110kW power and 375Nm torque. It offers exceptional fuel consumption as low as 7.6L/100km and only 203g/km of CO_2 emissions*.

6-speed automatic transmission.

The highly advanced 6-speed sequential automatic transmission, featuring manual sports mode with brake shift interlock and manual override is effortlessly smooth. The intelligent transmission includes:

- Driver recognition: tailors its responses to individual driving styles.
- Grade control logic: when driving downhill, with sufficient brake pedal pressure, the transmission will downshift to provide increased engine braking.
- Emergency downshift: automatically downshifts to a lower gear if the throttle pedal is pushed hard for heavy acceleration in an emergency situation.
- Brake support: enables early downshifting during heavy braking, to provide engine braking and to optimise gear selection for throttle re-application response.

1

3

1 - Auto gearbox

2 - 3.2L TDCi Diesel engine^

3 - 3.2L TDCi; Maximum power: 147kW power @ 3000rpm
Maximum torque: 470Nm @ 1500 to 2750rpm

*7.6L/100km and 203g/km of CO_2 emissions achieved with Ranger 4x2 Single Cab, and 4x2 Single Cab Hi-Rider and 4x2 Double Cab Hi-Rider in Manual transmission with 2.2L Diesel engine. Fuel consumption and emissions figures are per Australian Design Rule 81/02 (combined cycle). Note that the actual fuel consumption and emissions will depend on many factors including your driving habits, prevailing conditions and your vehicle's equipment, condition and use.^Engine cover standard on XLT and Wildtrak models only.

Ranger 4x4 XLT Double Cab Pick-up shown in Aurora Blue and with optional tow ball.

SAFETY MADE SMART

Ford has gone to great lengths to ensure that the Ranger is not only a capable and good-looking vehicle, but also engineered for safety. With active and passive safety features, the Ranger is engineered to help keep you safe and in control.

Ranger 4X4 XLT Double Cab Pick-up shown in Aurora Blue.

ANCAP Safety ★★★★★

With comprehensive active and passive safety features, the entire line up of Ranger models come with the maximum ANCAP 5-star safety rating.#

Active safety

The safety features on the Ranger are designed to help you avoid an accident before it occurs. The Dynamic Stability Control (DSC) program aids vehicle control and capability and includes the following intelligent safety features:

- **Hill Descent Control^ (HDC):** helps the driver stay in control on steep downhill grades
- **Hill Launch Assist (HLA):** helps the driver pull away on steep inclines
- **Trailer Sway Mitigation (TSM):** provides stability and greater control when towing a trailer
- **Load Adaptive Control (LAC):** provides optimal vehicle stability to help you manage your load
- **Emergency Brake Assist (EBA):** maintains maximum brake pressure in emergency stopping situations
- **Emergency Brake Light (EBL):** signals to other drivers by flashing the indicators when the vehicle decelerates quickly
- **Roll-Over Mitigation (ROM):** helps prevent the vehicle getting into a roll-over situation
- **Anti-lock Braking System (ABS)**

Passive safety

The Ranger features a long list of passive safety features designed to help make every journey a safer one. Features include:

- Up to 6 airbags*
- Beltminder™ system*
- 3 point lap sash seat belts in all positions

#Vehicles produced May 2014 onwards. *Available on selected models. Please refer to specifications table for further detail. ^On 4x4 models only.

CONQUER EVERY CHALLENGE IN STYLE

Boasting a sporty, pumped up exterior and sitting high on 18" alloy wheels, the Ranger Wildtrak says 'yes' to whatever adventure you've got planned. The powerful 3.2-Litre Turbo Diesel engine gives you the unbeatable towing capacity of up to 3.5 tonne,* and a payload capacity of up to 1 tonne, while inside you'll find a cabin that's loaded with some of the latest technology. There's a 5" colour display, SatNav, Bluetooth,® voice control and iPod Integration. Wildtrak leads the way on safety too, with rear parking assist sensors and an impressive rear view camera which displays the video image in the rear view mirror.

Pre-production Ranger Wildtrak shown in Chilli Orange.

*Braked towing capacity when fitted with an optional tow ball. Subject to State and Territory towing regulations.

Personalise your Ranger. The choice is yours.

The Ford Vehicle Personalisation accessory range lets you personalise your Ranger to perfectly suit your needs.

Snorkel.[1.]

A higher air intake position provides cooler and cleaner air to the engine and helps assist with water crossings.

EGR hard tonneau cover.[2.]

Helps to keep your valuable equipment and tools secure. Features a single point push button system for easy locking.

Carpet mats.

These stylish hardwearing mats are easy to remove and clean. Anchor points fix the driver's mat to help prevent movement.

Aeroklas canopy.[2.]

This rear hatch canopy increases your storage space and provides secure storage for your valuable equipment and tools.

EGR soft tonneau cover.[2.]

Helps protect equipment and valuables from rain and dust.

Nudge bar.

Tested to Ford's stringent engineering and safety standards, this nudge bar helps protect the front end of the vehicle.

Towpack.[3.]

Genuine Ford towpack makes towing a breeze, whether it's for work or a weekend trip.

Bull bar.

Developed specifically for the Ranger, this bull bar is designed to integrate with the vehicle's airbag system and help to protect the front end of your vehicle in an accident.

18" alloy wheel.[4.]

Enhances the exterior appearance of the vehicle. Meets Ford's stringent engineering and safety standards.

In car entertainment pack 1 *(standard on XL)*: AM/FM stereo radio • single MP3 compatible CD player • integrated audio module • 3.5" Ice Blue multi-function display high audio integrated control panel • AUX • USB/iPod integration • 2 speakers • 2 tweeters (2 additional speakers on Super and Double Cab models)

In car entertainment pack 2 *(standard on XLT)*: same features as per pack 1 plus 5" Colour multi-function display with satellite navigation

S = Standard. A = Accessory that can be added at any time. P = Part of pack. – = Not available.

3. Automatic transmission only. **4.** LRD Not available. **5.** Manual transmission only. **6.** Kerb weight and payload values quoted are based on vehicle certification data and are subject to variation. When loading vehicles, it is the operator's responsibility to ensure: Weight of fully loaded vehicle does not exceed GVM. Front and rear individual axle load limits are not individually exceeded. The combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM. Compliance with State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories, added structures and tow ball download (when towing). Kerb Mass includes the vehicle with a full tank of fuel and all standard equipment without occupants. Additional weight of optional features, occupants, luggage, cargo, accessories, added structures and tow ball download (when towing) must be taken onto account when calculating kerb weight and payload. Optional features additional weights: 4x2 automatic transmission=14kg, 4x4 automatic transmission=18kg, Air-conditioning=24kg.

1. Power and torque figures measured using premium unleaded fuel (95RON). **2.** Fuel consumption and emissions as per Australian Design Rule 81/02 (combined cycle). Note that the actual fuel consumption will depend on many factors including the driver's driving habits, prevailing conditions and the vehicle's equipment, condition and use. **3.** Braked towing capacity when fitted with a Genuine Ford towpack and tow ball, subject to State and Territory towing regulations. The weight of the vehicle must not exceed the Gross Vehicle Mass (GVM). The combined weight of the fully loaded vehicle and trailer must not exceed the Gross Combination Mass (GCM). Maximum individual axle loads must not be exceeded. Tow ball downforce must be taken into account when calculating payload. Tow ball download must be a minimum of 10% of the towed weight for all model variants. Tow ball download must not exceed 335kg for all model variants built prior to 1 November, 2012 . Tow ball download must not exceed 350kg for all model variants built on or after 1 November, 2012.

Ranger 4x4 XLS Double Cab Pick-up shown in True Red.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO_2 emissions and a lower overall cost of ownership.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

Complimentary State Auto Club Roadside Assistance and Membership.

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide a 12 month Roadside Assistance package including State Auto Club Membership for all Retail and Blue Fleet Customers (with fleets less than 5 vehicles).

This package gives you access to the largest network of roadside assistance providers in the country, so you can be assured that you have non-stop coverage every day of the year.

The benefits of being a member are not limited to the peace of mind of 24/7 roadside assistance. You also have access to a wide range of member benefits including Show Your Card & Save. In addition, you will maintain any benefits accrued through your existing years of membership (where applicable).

Complimentary State Auto Club Roadside Assistance & Membership is valid for eligible Ford vehicles and is available from participating Authorised Ford Dealers only. Visit your local Ford Dealer or refer to ford.com.au for more information and full terms and conditions.

NRMA RACV RACQ RAA RAC For the better RACT

Warranties & Service.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.#

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

12 months/15,000km service intervals.

Under normal driving conditions service intervals are 12 months or 15,000km, whichever occurs first.

myFord Capped Price Servicing.

Your new Ford vehicle now gives you access to myFord Capped Price Servicing, which means it makes even more sense to have your Ford looked after by the people who know your Ford back to front, inside and out. With myFord Capped Price Servicing, Ford will publish the maximum price you will pay for a logbook service at participating Authorised Ford Dealers for all vehicles built from 2007 up to 7 years or 135,000 kilometres, whichever comes first. In addition, when vehicles are serviced under myFord Capped Price Servicing, Retail and Small Business Customers (with fleets less than 5 vehicles) will also receive a complimentary 12 months Roadside Assistance package including State Auto Club Membership.

For more details visit your local Ford Dealer or visit ford.com.au/myfordcps for full terms and conditions.

This brochure details specifications and features of the PX Ranger built from May 2014 production onwards. Please consult your Ford Dealer for the most recent specifications and availability information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
